### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Runnels on June 8, 2004.

2. The application has been amended as follows:

In claim 20, line 5; replacing "direction of" with - angular- -

### ***Allowable Subject Matter***

3. Claims 1-26 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, prior art does not disclose or fairly suggest an apparatus for optically switching light from an input array including switching of light from any selected light source to any selected receiver, by using input polarization control arrays to control the direction of polarization of light from the selected light source imposed by input polarization control elements as the light enters each of the input deflectors, so that the net angular deflection of the light caused by all said input deflectors, which is a function of the directions of polarization of the light as it passes through each of the input deflectors, causes the light to be directed to the

selected receiver, in combination with all the limitations in the claim. Claims 2-26 are allowed by virtue of their dependency.

### ***Conclusion***

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
